Letter from Pam Clayton-CEO

Spring” brings hope, new growth, and of course, lots of kittens!

With Spring upon us, I am looking forward to the new challenges ahead. Our constant challenge is to care for those who cannot care for themselves. I thank our staff, volunteers, and donors for supporting our mission so we may continue to find forever homes for our community’s vulnerable and homeless animals.

Looking back to the first quarter of 2022 and comparing to 2021, our intake numbers were down by 140 animals. Owner surrenders were only down by eight for this same period. However, adoptions were up by 51. Although not a huge difference, we are thrilled to have had nearly two hundred fewer animals under our roof.

We have high hopes for attaining our goals and have secured talented team members to help us reach our objectives. Our new COO, Nicolle Taylor, comes to us from Pet Alliance of Orlando, and Dawn B Duncan, our new Director of Development, joins us with vast fundraising experience. See page 30 for more information about some of our other new teammates.

Thank you for your continued support, and please donate as your heart leads you. We can’t do what we do without your kindness and generosity.

Pam Clayton

5 puppies dropped off at Halifax Humane Society

On January 25th, a cardboard box containing five puppies was left outside the Halifax Humane Society. All of the puppies needed immediate medical attention. Unfortunately, two of the puppies passed before they could be transported to an emergency veterinary clinic. The remaining three puppies received blood transfusions and underwent medical treatments for parasites. They were placed in foster care where, by evidence of these photos, they made a full recovery.

For those of us with pets, we know how expensive emergency veterinary care can be, especially blood transfusions. Your gift helps us to save more lives in emergency situations. You can make a donation to the emergency medical fund at any time by visiting www.halifaxhumane-society.org/donate

Happy Tails!

*We help over 25,000 animals each year.
Here are a few of their stories.*

Dorothy isn't in Kansas Anymore.

Just wanted to give a quick update on Dorothy and send a picture.

Dorothy is now an official Pennsylvania dog. She even survived her first snowstorm. She wasn't too sure what to make of it at first, but now feels comfortable running and playing in it. We are making quick trips in and out as I have not found a sweater or coat that Dorothy feels comfortable putting on. She is now the proud owner of six (yes, six!) beds, and spends her days moving between them. Dorothy was given a clean bill of health from my local vet, and had the entire staff petting and giving her head scratches. She is truly a good girl.

Thank you so much for taking care of Dorothy. Please know that she will be taken care of and loved for however long she has left.

Sincerely,

Amy H.

Osa, Now Lucy, Finds Forever Home

We adopted a dog from Halifax Humane Society on Jan 23, 2022. Her name at the shelter was Osa, now renamed Lucy in honor of a friend's dog who recently passed.

Lucy was the last dog to be adopted from the hoarding group that your organization took in Nov., 2021. As the old saying goes, "saved the best for last." Lucy is a wonderful dog and it is a great pleasure to have her with us.

I want to thank you, your organization, Dr. Green, and all your employees and volunteers for the outstanding work you do. Thank you for saving Lucy's life and allowing us to adopt her. Having been involved as a volunteer/foster with a dog rescue in Arizona for many years I know that the work your organization does is difficult, but vital. Thank you all for being there for the dogs (and cats!).

Ed Krufky

Tails from Vet Services

Our veterinarian staff, led by Veterinary Services Director Dr. Jennifer Green, help thousands of animals each year. Over 10,000 spay/neuter procedures are performed at our Redinger Spay Neuter Clinic & HHS campus each year. Animals who need surgical operations are fortunate to arrive at HHS for a chance for a full recovery and then off to a happy and loving forever home.

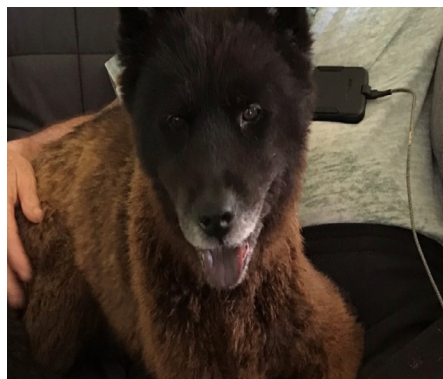

Marlea arrived at HHS with acute glaucoma and cataracts. She was blind and in a great deal of pain. The solution was to remove her eyes to eliminate the constant suffering and chance of infection. Once the eyes were removed, the lids were sewn shut.

Because she had already learned how to navigate due to the permanent eye damage, within just a few days of surgery Marlea was walking around with minimal issues.

The veterinarian staff at HHS, perform hundreds of surgical procedures each and every month. Animals that just 15-years ago may have been required to be euthanized due to lack of available treatment are now saved and adopted into new loving forever homes.

Our veterinarian staff does not provide medical services to public pets. We work with many private veterinarian practices and suggest pet owners find a local veterinarian who can take care of their pets' needs from annual vaccinations, medications, x-rays, surgeries, and more.

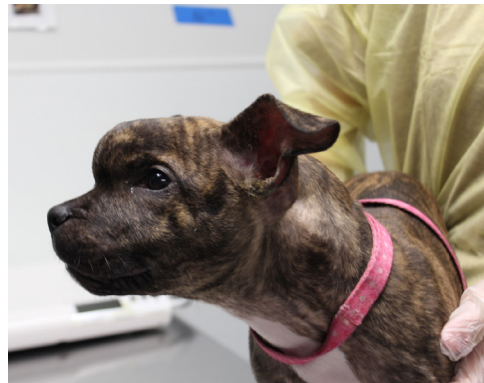

Here is an update on one of the dogs from the Port Orange fire a couple months ago. This is Ruby, formerly Gloria. Her pet parents say they love her to pieces and that she is coming around well considering all she has been through.

Sadie needed to have two huge bladder stones removed by Dr. Green and her team. The stones truly felt like stones. This image demonstrates how large the stone are as compared to Sadie's body.

This is Beluga, a puppy with fluid build-up on his head. Dr. Green and Dr. Atwood made a small incision at the base of his head and pushed on the skull to remove the fluid.

Once the fluid was removed, tube drains were inserted to prevent fluid from returning.

Beluga fully recovered and was adopted into a loving home shortly after his surgery.

Successful Outcomes

Bella

We have renamed her Narhea and she is amazing! She has stuck to us like glue and is extremely pleasant. She is amazing to walk outside, she listens so well! She is the best addition we could have asked for. She definitely did not deserve to be in a shelter.

- Amber

Mighty Mouse

We are in heaven and could not love her more - for your records we changed her name to Daisy, and she already comes to it. She amazes us how she's adapted to losing her leg, dogs are so great!

She was anxious and shy but we could tell she wanted to be loved. We looked at each other and I said, I want her, and Piper said I want her too. So, we signed the paperwork, paid for her, and took her home. We Could NOT BE HAPPIER with her!! And we think she loves us already too. All our past rescues have lived good lives, 16, 15 and 12 and we pray Daisy will too!

OUR UNENDING THANKS to Halifax Humane Society for investing time and energy in saving her - for US. She is filling the hole in our hearts!

Rubble

We just wanted to say thank you and tell you all about how wonderful our sweet babe is doing since 3 weeks ago when we adopted him from the Humane Society!

We could not have dreamed of a better pup! From the moment

he got to our house he fit right in. He loves EVERYONE & everything. His skin irritation it practically gone now, along with his ear infection, and he is on his way to being a perfectly healthy pup.

Rubble loves beach days, pup cups, snuggling in bed & hanging out with his brother.

He has also learned where the dog toy section is in just about every store... he picks out his favorite one and stares at mom until she buys it! He is learning all the tricks of the trade to being a very spoiled furry little family member.

We could not love him any more.

Thank you Halifax Humane Society for helping us complete our little family!

Rufus

Angie adopted a large bulldog-pit mix and her autistic son was terrified at first. Now the dog and boy are inseparable. The dog gets along great with the other dog in the house and leaves the cats alone. This is a great feel good story about how a dog that was

observed as being unfriendly, and not good with other animals, is the opposite in this loving home.

Letter from the
Dawn B Duncan
Director of Development

Dear Cherished Friends and Supporters,

It is an honor to join the Halifax Humane Society as the new Director of Development. Being in the nonprofit world for over 23 years I have witnessed the generosity of the human spirit time and time again. Knowing each of us has the capacity to care deeply and commit to helping those in need keeps my faith unwavering.

Imagine if someone gave so freely to us. One whose only mission was for you to be loved and have a happy day. You need look no further than an animal.

Our pets teach us what it is to be loved unconditionally. They teach us that a small act of kindness can be rewarded tenfold. Animals don't have bad days. They aren't capable to plan ahead to hurt your feelings. They are inherently good and they only want you to have a good day.

So, thank you for being kind to animals... for helping the animals in our community who need us to protect them... for partnering with us to rescue, rehabilitate and rehouse thousands of these helpless beings whose only goal is to find their person and be sure they have a happy day.

To Better Days,

Dawn B Duncan

Kitten Season is Upon Us

It's that time of the year again; kitten season, due to many mother cats giving birth to litters and litters of kittens. Realistically, kitten season never ends in Florida, but we do get a minor reduction of litters in the winter.

Cold weather states will get a much greater increase in kitten litters beginning in May and slowing in September, once the cold weather returns.

We receive a substantial number of phone calls and social media messages this time of year from residents who have discovered newly born kittens in their shed, under a porch, in their garden, etc. Most experts advise that you do not attempt to separate the kittens from their mother, especially while the kittens are under 8-weeks old. Although kittens should stay with the mother cat until they are 12-weeks old, many part ways around 8-9 weeks.

Sometimes people see 5-6 kittens playing by themselves and assume a mother has abandoned the kittens. It is not unusual for the mother cat to leave her kittens for hours at a time. If humans are standing over or interacting with the kittens, the mother may feel threatened and not return. If you come across a litter of kittens that appear to be under 8-weeks old, please **do not** immediately gather the kittens and bring them to a shelter.

If the kittens are not yet weaned, they will need to be bottle-fed by hand every 3-4 hours, depending on their age.

When bottle-feeding kittens with a powder milk substitute, please read the instructions thoroughly, as some powders need to stay refrigerated.

In addition to abandoned kitten concerns, we also receive calls from residents about how to go about spay/neutering the kittens. ASPCA recommends that kittens be at least 8-weeks old before altering. Kitten spay/neutering is available from local veterinarians and clinics like the Redinger S/N Clinic and Volusia County Animal Services.

If you have kittens in your neighborhood or subdivision, you can contact your local Animal Control agency to ask about the availability of TNR (trap, neuter, return) programs. Keep in mind that cats trapped and altered will be returned to where they were originally found.

The only effective way of reducing the feral cat population is by sterilizing the cats so they can no longer reproduce. Feral cats tend to stay within their own colony; thus, if none of the cats can mate, the population will decrease.

The research on the estimated average life span of community cats varies. Some say the cats live about 5 years, while other sources claim 12-15 years. There are many dangers in the Daytona Beach area including extreme heat, development, increased motor vehicle traffic, etc., that can impact the life expectancy rate of cats.

Finding kittens new, forever homes can be done successfully in the community where the kittens are born. It is best to find a home for kittens before they turn 4-months old.

HOW TO PREPARE FOR HURRICANE SEASON

WHEN YOU HAVE PETS

[HTTP://WWW.HALIFAXHUMANESOCIETY.ORG/](http://www.halifaxhumanesociety.org/)

PLAN AHEAD

Never leave your pets behind! Ask a friend or relative out of the path to stay with them, or try and find pet-friendly hotels or motels to evacuate to. Go to a pet-friendly shelter as your last resort.

STAYING HOME

If you must stay home, keep animals inside ahead of the storm. Stay calm and stay close to your normal routine. Pets may be more comfortable in a carrier indoors under your supervision.

FOOD AND WATER

Pack 3 days to 2 weeks worth of food and water per pet per day. Have separate bowls for each of your pets. Also pack a manual can opener for any canned food you have.

TRAVEL KIT

Have one carrier/crate per animal they can stand in, medical supplies, leashes or harnesses, flea and tick prevention, towels, cleaning supplies, bedding, and toys for your pet.

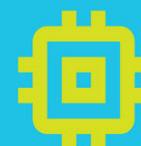

IDENTIFICATION

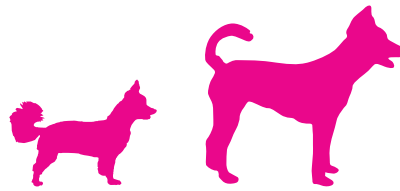

Make sure each pet has on a collar with your contact info and current I.D. tag. Keep vaccination records, ownership papers, and current photos of each pet with you.

MICROCHIP PETS

Make sure your pets are each microchipped and that your contact information is up to date. If your pet goes missing, contact local shelters, law enforcement, and animal control ASAP.

Rescue ReTail- Shopping for a Cause

The Board of Directors for Halifax Humane Society has made the strategic decision to invest in a new space for our Thrift Store. The new space, located at 385 S. Yonge Street in Ormond Beach, will begin accepting donations on May 16 with the Grand Opening on June 4, 2022 from 9am to 11am.

“Our Thrift Store now has a new manager and a beautiful new space. We are poised to work with the community to generate even more support for our life-saving mission to rescue and rehome the most vulnerable animals in our area. Please consider donating your gently used items as well as visiting Rescue ReTail to hunt for treasures, knowing your purchase directly helps the animals at the shelter,” said Dawn B Duncan, Director of Development. For more information please visit www.halifaxhumanesociety.org/thrift-store/index

Kindness From Our Supporters!

We are so blessed to have the best supporters in the world! Our customers support our mission by giving of themselves over and over again. From donating treats and peanut butter needed for the dogs, to adopting a homeless animal, to making a monetary donation, we are so thankful for the kindness bestowed upon our organization and the animals in our care.

WE ALWAYS NEED TREATS AND PEANUT BUTTER!

Below: Special thanks to Chris Rohde of Surf's Up Computing for coordinating a holiday pet food drive collecting several truck loads of pet food and supplies for the homeless animals at HHS.

Below: One of our fosters, Sarah Townsend is always willing to visit our facility with her dogs seen here at one of the PAWS Camps. Sarah is an amazing dog trainer and foster parent.

Below: Local Amazon associates who collected and donated pet food and supplies for the homeless animals! Thanks to Amanda for coordinating the collection of the donations.

Sherri Hutto, shown to the left is a very special animal lover. Whenever we are in need of food, treats, laundry detergent, etc., Sherri always sends us a donation. Thank you for always being so generous!

Are you interested in donating to help our community's animals?

You can make a monetary donation by visiting
<https://www.halifaxhumanesociety.org/donate/index>

If you would like to make a food donation, please drop off or drop ship your donation to 2364 LPGA Blvd., Daytona Beach, FL 32124. No open food please. Our new visiting hours are 12 noon to 6 pm, 7-days a week, however donations may be dropped off beginning at 10:00 am.

Support Comes in Different Ways!

The Niagara SPCA and Humane Society announced a new partnership with the Halifax Humane Society in Daytona Beach, Florida. The partnership kicked off with the welcoming 14 homeless canines who've made their way up from Daytona Beach to Canada.

Niagara SPCA Executive Director John Greer says the local shelter was "more than happy to assist." The Niagara SPCA reached out to the Fort Erie SPCA, who accepted three of the 14 dogs into their care.

A big thank you to Ed Cone (left) for coordinating a collection for the animals at Halifax Humane Society at their Mardi Gras and St. Patrick's Day fundraisers. \$1843.25 was donated by the residents of Latitude Margaritaville, Daytona Beach for the animals. Thanks so much for your kindness and generosity!

Girl Scout Troop #9242 donated food for the animals, and a \$300 check donation from cookie sales as well. So grateful & inspired by this future generation of animal lifesavers.

Do you have room for us until we're old enough to be adopted?

BECOME A FOSTER PARENT TODAY!

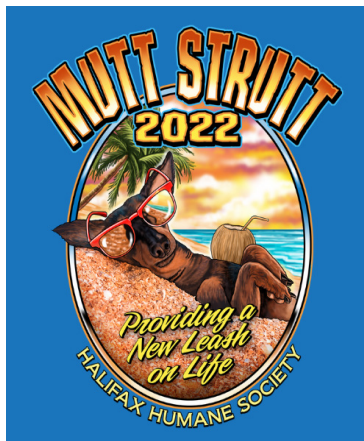

We are in need of foster parents who can care for a mother and her litter until the pups/kittens are old enough for our adoption floor.

If you are interested in becoming a foster, call (386) 274-4703 ext. 331

2022 Mutt Strutt

On April 23, the 12th Annual Mutt Strutt was held at the Daytona Beach Bandshell. The event was a great success and raised over \$47,000 for our community's animals. Special thanks to presenting sponsor Subaru of Daytona for their continued support and contribution.

The festivities began with an 8:00am check-in. Just before 9:00am the Embry Riddle ROTC 157th Color Guard presented our country's flag, and Melissa Trumble sang the National Anthem. Subaru of Daytona announced a \$28,000 donation to the shelter by presenting a lifesize check to CEO, Pam Clayton. (below)

Ted Sebousek, Brett Serbousek, Bruce Phrichit, and Ann Pintiliano (pictured below), led the mutts and their strutters down the beach to start the 5K Fun Run/Walk.

Above, Animal Control Officers tend to one of the dogs attending Mutt Strutt that got off its leash and was running around the bandshell area playing a game of tag. When finally secured, Animal Control administered fluids and inspected the pup for any issues. All was well, and the dog was returned to its owner.

Leave a Legacy to the Animals

When people think about leaving assets to a non-profit organization through one's will, many assume it is a tool only available to wealthy individuals. That is not the case, however. There are many ways to support Halifax Humane Society through our Planned Giving Program, and those gifts often cost nothing during your lifetime. Thanks to the generosity of HHS Board President Mel Stack, if you name HHS in your will, Mel will prepare it free of charge.

By remembering HHS in your will, you will guarantee that your love for animals will be expressed forever. Many of the programs in place at HHS today are funded from bequests left to us by generous donors. For instance, our low-cost spay/neuter program, our cat adoption cages, and our puppy/small dog room are all results of someone's gift to HHS and our animals.

For more information about HHS programs and funding needs, please contact HHS Development Manager Michelle Hebb at **(386) 274-4703 ext. 318**.

Let's "Paws" for a Second at Sunset

Like many of you, we regularly "paws" to appreciate just how lucky we are to have adopted Lady Snowball & Miss Peanut from the Halifax Humane Society.

They love us unconditionally, they calm us and cuddle with us, they make things fun, and they help us keep life in perspective.

***Please come visit and adopt.
Your forever friend will be life-changing.***

 additional charge.
 All Proceeds Support Our
 Community's Animals!

Nanette McKeel Petrella

Proud Sponsor of Halifax Humane Society
& Daytona Dog Beach, Inc.

On May 5, 2021, Daytona Dog Beach, Inc. was founded as a nonprofit organization. One year later, thanks to hard work and support from our board, volunteers, partners and sponsors, our organization continues to flourish. We've come a long way. **We've got so much more to do!**

In 2021, our monthly beach cleanups removed 221 lbs of trash from our adopted stretch of Daytona Beach. In 2022, we began to host monthly dog inclusive **"People & Paws Beach Cleanups"**. In the first 4 months, we removed another 87 lbs of trash, none of it from dogs!

In April, we began co-hosting weekly **Yappy Hours** every Thursday from 5-7 pm at the **Streamline Hotel's** beautiful **Sky Rooftop Bar**. The view is spectacular!

We were once again excited to participate as a Sponsor of **Mutt Strutt** and **Daytona Dog Beach Dogs Team** raised \$500 in support of HHS.

And to commemorate our 1-year anniversary, we are thrilled to host **"Ruff, Rock & Roll Pawty"**, a 1st ever dog friendly event on **Avalon Terrace** at the **Hard Rock Hotel Daytona Beach**. **May 22 from 4-8 pm**. Get your tickets on Eventbrite to celebrate with us!

We welcome all to join our labor of love, as we work **"Putting Paws in the Sand"**, expanding access to leashed dog beach options, and so much more!

Check out and subscribe to our website, **www.daytonadogbeach.org** and join us on Facebook, **Daytona Dog Beach Group** and **Daytona Dog Beach, Inc.** Page. For questions, email **info@daytonadogbeach.org**

Daytona Dog Beach, Inc. is a 501(c)(3) Florida nonprofit corporation, Reg. # CH65781. A copy of the official registration and financial information may be obtained from the division of consumer services by calling toll-free 800 435-7352. Meet Some of Our Staff Members

Nicole Taylor, COO

Nicole joined HHS in December of 2021, coming from Pet Alliance in Orlando. As you may recall, Pet Alliance suffered a major fire destroying their Orlando facility.

**Scott Lope
Admissions Manager**

Scott joined us back in 2021 and has taken over the admissions area by storm! Scott travels from Orlando daily so he has lots of time to brainstorm on the way in and decompress on the way home. We are happy to have Scott on our team.

**Melissa Sothard
Adoptions Manager**

Melissa recently joined HHS and after only five months, has transformed the adoption area into a friendly and welcoming experience for our guests. We are fortunate to have Melissa on our team.

**Austin Purvis
Vet Services Manager**

Austin has been with HHS for about a year and has been a major asset to help streamline the veterinary services team and processes.

PRISON PUPS N PALS

A partnership with Tomoka Correctional Institute

Established in 2010, Prison Pups N Pals, through the dedication of Tomoka Correctional Institute and Halifax Humane Society, diligently select K9 students and provides training to inmates. The program's mission strives to improve the adoptability of healthy shelter dogs in which Tomoka Work Camp inmates provide obedience instruction. The inmates receive animal-related job skill training while the dogs learn basic obedience skills.

Prison Dog Programs provide job training skills, including basic dog obedience, grooming, and understanding of canine breed differences. Additionally, inmate trainers have the responsibility of caring for the dog 24/7. The program has been an asset to the Tomoka Work Camp and promotes a harmonious environment and a sense of common purpose among participants.

Paws of Freedom links Veterans who meet diagnostic criteria for PTSD, depression, or anxiety conditions with companion dogs trained by PPNP. Paws of Freedom is a formal program to promote recovery by helping establish a caring relationship between the veteran and the companion dog.

Tomoka C.I. takes great pride in the Prison Dog Program. The program assists in re-entry skills for the inmate trainers. It also provides forever homes for the animals of Halifax Humane Society and loving companions for our Veterans.

To support this program please contact Dawn B Duncan, or visit <https://www.halifaxhumanesociety.org/prison-pups-pals/index>

Another shelter dog goes to a forever home thanks to the Prison Pups N Pals program.

By: Christina Bunner

Help! My dog Screech goes absolutely bonkers when he sees another dog when we are out on our daily walks. He loves to play with my friend's dog, so I know that he likes other dogs. He just sounds so scary and seems so aggressive when he barks and lunges at other dogs when we pass by. I am embarrassed to walk him and have to take him out at odd hours. How do I get Screech to stop causing such a ruckus?

Exasperated in Eustis

Dear Exasperated,

It seems like Screech is displaying a behavior called leash reactivity. Often, leash reactivity stems from frustration or fear. Screech is probably feeling frustrated that he cannot go play freely with everyone he passes on the sidewalk, so he acts out by barking and lunging. Think of Screech like a toddler having a temper tantrum. He gets these big, excited feelings when he sees another dog, but he is held back by a leash. So, he throws a temper tantrum instead since that is the only way his canine brain knows how to cope with those big feelings. Now, to help Screech learn how to cope, you are first going to start indoors by teaching Screech to heel walk with you. Start by luring him to your side with a high-value treat and mark and reward him everytime he chooses to look at you rather than distractions around him. Once he masters this inside, start doing the same exercise outside in a quiet environment until you both can walk by minor distractions while maintaining his focus on you. Now you are ready to work on his heel walk at a distance from other dogs. Start from far away and build up to passing closer and closer to other dogs. It is very important here to work under the threshold where he switches from noticing the other dogs to barking. Once he starts barking, it is best to move him further away until he quiets and resume working on his heel walk at that safe distance until you can get closer without him barking. It may take him a while to improve—remember these are big feelings we are teaching him to work through—but stick to it, and you will be able to enjoy your walks once again!

My perfect little Angel Muffin seems to have one bad habit that I just can't seem to fix. She absolutely loves food and will not stop begging. She gets underfoot in the kitchen and I am so afraid that she is going to trip somebody or get hurt herself. We can't leave food unattended or else she is right there to gobble it up. How do I teach

Angel Muffin to leave us alone when food is around?
Spoiled in Sarasota

Dear Spoiled,

Angel Muffin sounds like she would be a good candidate to learn to go to her bed on command also known as the place command! Place command will give her a job to do so she stays out of harm's way. To teach place, start by standing next to her bed, tossing a treat, and mark with a "yes" when she steps on the bed. Before she steps off, give her a release word, "free." After a few successful repetitions, start pointing at the bed and saying "place" before dropping the treat. Move a few steps away and repeat until you can send her to place from a distance. It is helpful to leave a leash on for the beginning of this exercise to help guide her to the bed if she starts to struggle. Once she is consistently going to the bed on command, it is time to teach her to settle. Start by telling her to "place" and then immediately ask for a sit or down. Once she lays down, reward and tell her "free." Repeat this and increase the amount of time she lays before you release her until she can go to place on command and lay there for the entire time you are cooking!

My new kitten Clawdia is becoming an absolute terror. She is destroying all of my furniture and seems to have an endless amount of energy that is driving me absolutely crazy. When I adopted her, she was this sweet purring baby that loved to snuggle. What happened? Am I destined to have my house taken over by Clawdia or is there something that can be done to calm her down?

— **Overwhelmed in Ormond**

Dear Overwhelmed,

What Clawdia is going through is natural. Cats are predators and designed to hunt, and sometimes have a hard time adjusting to a human lifestyle. Luckily, we can mimic hunting through play! You will want to get Clawdia a collection of both interactive toys for you to play with together such as teaser wands and independent toys that she can play with on her own. Set aside time at least twice daily, ideally before her mealtimes, to play with her and let her express hunting behaviors—stalking, chasing, catching, and eating! This will get her nice and sleepy so she doesn't bother your house. Always pick up toys after playtime so they stay exciting for your next play session. To discourage scratching your couch, you will want to give her a variety of scratching materials. She needs both scratchers that lay flat against the floor and scratchers that stand vertically so she can stretch and scratch. If you catch her using her stretching posts appropriately, be sure to give her a treat to reward her good behavior! Hopefully, by allowing her to express natural behaviors in a safe way, you both will be able to find some harmony.
